

# ONE STOP SHOP

We take pride in providing services to our clients that transforms idea to business, functioning as a one stop shop. IP is just a monopoly, it gives a head start into a business, but running a business and maintaining the lead from its rivals is a totally different ball game.

Videaim IP is a techno-legal firm that provides legal and technical assistance in starting and running a company. We provide entrepreneurs freedom to do business by providing all the legal and technical assistance in a one stop shop.

We provide assistance in registering a company, designing logo, filing and prosecuting patent, trademark, design and copyright, designing and creating a website, designing product and prototyping, and contracts and agreements.

We provide complete support from accounting to legal assistance specializing in Intellectual Property, so that a client focuses in developing the business and is not unnecessarily burdened with formalities.
